

CHAMP Camp 2.0

Professional Development for Professional School Counselors

In 2018 the New York State School Counselor Association (NYSSCA) hosted **CHAMP Camp**: a one-day professional development program providing the tools to facilitate implementation of revised Commissioner's regulation on comprehensive school counseling program requirements. Resources and handouts from this training are [available here](#).

CHAMP Camp 2.0 provides the next level of professional development, designed to address critical areas school counselors and administrators have found challenging during the process of school counseling program revision: **classroom lessons, program advocacy, advisory council, MTSS integration & roles, equity & access**. NYSSCA is offering a five-part webinar series on these critical topics to assist you with full implementation of regulation requirements, especially during this time of hybrid and on-line learning. Due to the generosity of the Gates Foundation, these webinars are provided via Zoom **at no charge**. **Pre-registration is required and seating is limited**. Those who attend all five sessions will be gifted a copy of the ASCA National Model 4th edition.

Resources and handouts used during **CHAMP Camp 2.0** are [available here](#).

LESSONS . . . THE SOCIAL-EMOTIONAL WAY Monday, January 25, 2021, 4-6 pm

Lysa Mullady & Kristy Lebron – Whole school implementation of social and emotional learning encourages safe, supportive school communities in which all young people are valued. How to do we get this done? We will look at the process of creating school counseling program lessons delivered to all students in a systematic way, even when learning remotely, and explore the key elements of social and emotional practices and the process of crafting developmentally appropriate curriculum based on the mindsets and behaviors all students need for school success. MAKING YOUR EFFORTS COUNT Monday, February 8, 2021, 4-6 pm

Kristy Lebron & Lysa Mullady – How do school counselors advocate for a program with focus, ensuring equity and access for all? As school counselors and leaders, we have our fingers on the pulse, assessing and defining the needs of our students and how those needs are being addressed. We will explore successful strategies to identify needs, define our vision and forge relationships with other stakeholders in order to create changes that ensure the success of each and every student. [Register Here](#)

HOW DOES YOUR FLOW CHART FLOW? Monday, March 8, 2021, 4-6 pm

Gloria Jean & Kristen Shearer – The comprehensive school counseling program often includes services provided by school psychologists, social workers, and mental health counselors. How are these roles delineated in your program? What guidelines exist to help administrators understand the differences? Why does it matter? This seminar will address roles utilizing the MTSS tiered framework to provide the services students need while addressing regulation requirements and program structure. [Register Here](#)

ADVISORY – WORKING FOR YOU Monday, March 29, 2021, 4-6 pm

Maizy Jaklitsch & Kristen Shearer – This seminar will unpack the Commissioner's Regulation requiring each school district to establish a school counseling program advisory council comprised of representative stakeholders. We will address key considerations for identifying council membership, facilitating meetings and meeting annual reporting requirements from the perspective of the advisory council member and the advisory council facilitator. [Register Here](#)

THE POWER OF ACCESS Monday, April 19th, 2021, 4-6 pm

Kristy Lebron with Maizy Jaklitsch, Lysa Mullady and Kristen Shearer – This seminar will address the critical importance of students having access to upper-level courses such as Advanced Placement, when at times the goals of your school counseling program may seem to work against existing school practices and policies. School counselor ethical standards remind us we need to advocate for students' needs when designing and implementing an equitable college and career-ready program. [Register Here](#)

PROGRAM PRESENTERS

Maizy Jaklitsch is a staff developer at Otsego Northern Catskills BOCES and has held positions as a school counselor, administrator & counselor educator.

Gloria Jean is an education consultant and was previously a NYSSCA president, school counselor, counselor educator and counseling program director in the Capital District.
